PROFESSIONAL SUMMARY

Detail-oriented and analytical, with a Data Analysis Diploma (top achiever), 10+ dashboard and reporting projects, and hands-on experience in inventory, order accuracy, and customer service. Skilled in Excel, Power BI, SQL, DAX, and Python, with strong organization and teamwork. Eager to contribute and grow in any role where accurate data and clear reporting matter.

EDUCATION

Bachelor of Science, Mathematics | Expected Graduation: June 2027
Faculty of Science, Mansoura University, Egypt

PROFESSIONAL EXPERIENCE

Data Analysis Trainee and Project Work | Route IT Training Center | Mansoura, Egypt | Feb 2026 - Sep 2026
Top achiever in the Data Analysis Diploma (140 hours)

- Built 10+ dashboards and reports with Excel, Power BI, SQL, and DAX, from data cleaning to final reporting.

Pharmacy Assistant | Tariq Pharmacy | Mansoura, Egypt | Oct 2024 - Present

- Tracked daily inventory and stock levels and verified order accuracy, keeping consistent records.
- Provided customer service by answering inquiries and resolving stock and order questions.

PROJECTS

Morshedy Group - Real Estate Collection and Portfolio Analytics (Team Project) | Power BI, DAX, Power Query | **Presentation**

- Analyzed 8 residential projects (3,000+ units, EGP 18.6B contracted value); found 70.2% of value collected (EGP 13.08B) and where collection lags delivery and bank concentration creates risk.
- Recommended Lake Front 6 as the growth opportunity and Rihana as the watchout (91.6% complete, only 40.7% collected).

FIFA World Cup 2026 - Analyst's Matchday Report | Power BI, DAX, HTML/CSS | **Report**

- Analyzed 104 matches and 308 goals (65,490 average attendance) with custom DAX-driven visuals; found the 75-90 minute window was the biggest scoring phase and recommended preparing the bench before the 75th minute.

Soly Vie - Real Estate Sales Intelligence | Power BI, DAX, HTML/CSS

- Built a data model from scratch tracking EGP 3,874M across 533 units, with a 56.4% lead-to-buyer conversion rate.

HR Analytics: Headcount, Retention and Turnover | Power BI, DAX

- Tracked 1,102 employees; measured an 89.47% retention rate and identified voluntary-exit drivers behind a 32.48% turnover rate.

Customer Churn Analysis Dashboard | Power BI, DAX

- Analyzed churn for 7,000 telecom customers; electronic-check payers and fiber-optic users were the highest-churn segments.

Additional Projects: Over Glowed Data Cosmetics (Excel): $3.85M sales across 30,000 orders, online 65% of revenue, 26.6% YoY growth. Airline Booking Behavior (Excel): 50,000+ bookings, Internet channel led at 15.48% conversion. Supply Chain, Customer Segmentation, and Salary Sleuth dashboards (Power BI). AdventureWorks Revenue Analytics (Excel data model). University Management System (SQL, ERD).

EXTRACURRICULAR ACTIVITIES

Arab Youth Summit participant (Nov 2024) and Arab Sustainability Expo participant (May 2025), Tahya Misr Youth Union.
