PROFESSIONAL SUMMARY

Detail-oriented and analytical, with a Data Analysis Diploma (top achiever), 12 dashboard, reporting, and database projects across real estate, sales, marketing, customer analytics, HR, expense analysis, operations and supply chain, and sports, plus hands-on experience in inventory, order accuracy, and customer service. Skilled in Excel, Power BI, SQL Server, DAX, Power Query, and Python, with a Mathematics background and strong organization and teamwork. Eager to contribute and grow in any role where accurate data and clear reporting matter.

EDUCATION

Bachelor of Science, Mathematics | 4th Year | Expected Graduation: June 2027
Faculty of Science, Mansoura University, Egypt

PROFESSIONAL EXPERIENCE

Data Analysis Trainee and Project Work | Route IT Training Center | Mansoura, Egypt | Feb 2026 - Sep 2026
Top achiever in the Data Analysis Diploma (140 hours)

- Built 10+ dashboards and reports with Excel, Power BI, SQL, and DAX, from data cleaning and modeling to final reporting.
- Delivered the diploma graduation project: a collection analysis for a real estate installment-sales company (Morshedy Group, below).

Pharmacy Assistant | Tariq Pharmacy | Mansoura, Egypt | Oct 2024 - Present

- Tracked daily inventory and stock levels and verified order accuracy, keeping consistent records.
- Provided customer service by answering inquiries and resolving stock and order questions.

PROJECTS

Morshedy Group - Real Estate Collection and Portfolio Analytics (Team Project) | Power BI, DAX, Power Query, Star Schema, HTML/CSS | **Presentation**

- Analyzed 8 residential projects (3,000+ units, EGP 18.6B contracted value); found 70.2% of value collected (EGP 13.08B) and where collection lags delivery and bank concentration creates risk.
- Modeled a star schema (Dim_Project, Dim_Date, Fact_Installments, Fact_Units) and wrote DAX KPIs such as Collection Rate, Outstanding %, and Completion Gap %, with separate Bank and Cash views.
- Classified installments as Paid, Due-Unpaid, or Not Due and validated results with reconciliation rules (Issued = Collected + Outstanding).
- Recommended Lake Front 6 as the growth opportunity and Rihana as the watchout (91.6% complete, only 40.7% collected).

FIFA World Cup 2026 - Analyst's Matchday Report | Power BI, DAX, HTML/CSS | **Report**

- Analyzed 104 matches and 308 goals (65,490 average attendance); found the 75-90 minute window was the biggest scoring phase and recommended preparing the bench before the 75th minute.
- Built custom DAX-driven HTML visuals for team profiles, groups, top scorers, goals, and stadiums, plus a companion web report.

Soly Vie - Real Estate Sales Intelligence (SEIF Developments) | Power BI, DAX, HTML/CSS/JS

- Designed a data model from scratch tracking EGP 3,874M in project value across 533 units, with a 56.4% lead-to-buyer conversion rate.
- Cleaned and modeled the sales data, then built an interactive HTML/CSS/JS dashboard page by page.

HR Analytics: Headcount, Retention and Turnover | Power BI, DAX

- Tracked 1,102 employees; measured an 89.47% retention rate and identified voluntary-exit drivers behind a 32.48% turnover rate.

Customer Churn Analysis Dashboard | Power BI, DAX

- Analyzed churn for 7,000 telecom customers; electronic-check payers and fiber-optic users were the highest-churn segments.

Customer Segmentation Dashboards (Easy Market) | Power BI, Data Modeling

- Built two dashboards on a shared schema using customer demographics, spending, purchases, and campaign responses, with a branded background and matching theme.

Supply Chain Dashboard | Power BI, DAX

- Built KPIs (Total Revenue, Products Sold, Stock, Average Shipping Cost, Average Lead Time) and 8 charts from supply chain data.

Salary Sleuth: Where Does My Salary Go? | Power BI, DAX, Power Query, SQL, HTML/CSS

- Built a 4-page dashboard on a star schema of 10,754 expense records from 268 respondents: spending trend, category ranking, demographics (age, gender, education), and geography (North vs South).

Over Glowed Data - Cosmetics Sales Analytics | Excel, Power Query, Pivot Charts

- Analyzed $3.85M in sales across 30,000 orders; found online sales drove 65% of revenue with 26.6% YoY growth.

Airline Booking Behavior Analysis | Excel, Power Query, Pivot Tables

- Analyzed 50,000+ bookings and built an interactive dashboard; the Internet channel led with a 15.48% conversion rate.

AdventureWorks Revenue and Operations Analytics | Excel, Data Modeling, Pivot Tables

- Built a fact and dimension data model to track revenue, profit margin, orders, and retention by region.

University Management System - ERD | SQL, ERD, Normalization

- Designed a fully normalized schema modeling ternary relationships, weak entities, and derived attributes.

EXTRACURRICULAR ACTIVITIES

- **Arab Youth Summit** participant | Tahya Misr Youth Union | 25-27 Nov 2024
- **Arab Sustainability Expo** participant | Tahya Misr Youth Union | 18-20 May 2025

COURSES AND TRAINING

- **Data Analysis Diploma (Top Achiever)** | Route | Feb-Sep 2026 | 140 hrs | Excel, Power BI, DAX, SQL, data modeling, dashboard design, graduation project
- **Data Analytics and BI (Power BI and Tableau)** | Information Technology Institute (ITI) | 5 Jul-5 Aug 2026 | 144 hrs | Data Warehousing, SQL Server, Advanced SQL, SQL BI, Statistics, Power BI, Tableau, Excel for Data Analysis, Generative AI and workflow automation
- **Data Analysis Training Program** | CREATIVA Innovation Hub Mansoura (ITIDA / TIEC) | 16 Jul-12 Sep 2026 | 120 hrs
- **Generative AI, CIB Summer Internship** | CIB | Aug 2026 | Certificate of Attendance
- **Freelancing Basics** | Mahara-Tech (ITI Platform) | Aug 2026 | 3 hrs
- **The Green Leap, CIB Summer Program** | CIB | Jul 2025 | Certificate of Attendance

CERTIFICATIONS

- **Sustainability Foundations: Core Concepts** | LinkedIn Learning | Jul 2025 | 53 min
- **Learning Data Analytics: Foundations** | LinkedIn Learning | Aug 2024 | 3.5 hrs
- **Business Analytics: Marketing Data** | LinkedIn Learning (IIBA) | Aug 2024 | 34 min
- **Entrepreneurship Foundations** | LinkedIn Learning | Aug 2024 | 1.2 hrs
- **Fundamentals of Digital Marketing** | Google (Maharat min Google) | Aug 2024

SKILLS

Technical: Data Cleaning, Data Modeling (Star Schema), DAX Measures, KPI and MIS Reporting, Dashboard Design, Data Storytelling, T-SQL (Joins, Subqueries, CTEs, Window Functions, Stored Procedures, Triggers), Statistics, Data Warehousing Fundamentals, SSIS Basics, ERD and Normalization
Tools: Power BI, Power Query, Excel (Pivot Tables, Pivot Charts, Slicers, Timelines, Advanced Formulas, Conditional Formatting, Dynamic Dashboards), SQL Server, MySQL, Tableau, Python, HTML/CSS/JS, GitHub
Domains: Real Estate and Collections, Sales and Marketing, Customer Analytics, HR, Finance and Expenses, Operations and Supply Chain
Soft Skills: Teamwork, Attention to Detail, Time Management, Customer Service
